MSGC Mission

The mission of the MSGC is to create, develop, and promote programs that reflect NASA strategic interests and support cooperation between academia, industry, state and local government in science and technology in Michigan. Various opportunities for educational and research funding are available.

\$50,783

Total amount awarded to
EMU 2016 - 2020

92%

The total percentage of applications
from EMU that are funded

11

Total number of proposals awarded
from EMU 2016 - 2020

EMU + MSGC

2020	Total Amount Awarded	\$24,515
	Total Number of Proposals	5
	Graduate Fellowships	3
	Research Seed	1
	NASA Internship	1

2019	Total Amount Awarded	\$8,000
	Total Number of Proposals	2
	Undergraduate Fellowship	1
	Educational Programs	1

FY2019* MSGC Funding Snapshot

\$246,900 for Educational Programs
\$65,000 in Research Seed Grants
\$188,218 for 55 Fellowships
71 Papers and Presentations
407 College Students
5,673 K12 Students
345 K12 Teachers
39 Locations

62 Significant Awards
21.9% minorities
40% women

"Significant Awards" are defined as college students with either \$3,000+ funding or 160+ hours effort.
*Reported in NASA's Office of Education Performance Measurement system for FY2019

E

How did participation in these programs impact your education and life?

It played a major role in my participation in NASA's Reduced Gravity Student Flight Opportunities Program, which was a very influential component in my career arc at NASA.

- 1999 MSGC Undergraduate Fellowship Awardee

It gave me valuable experience in both writing a grant and doing research. This opportunity granted me valuable experience that I utilize in my current position.

- 2009 EMU Graduate Fellowship Awardee

It allowed me to pursue research opportunities that I loved and fostered a passion for engineering, applying what I learned in a wide variety of fields, and much more.

- 2017 MSGC Research Seed Grant Awardee

Participation in the MSGC has allowed me greater opportunities for research in my undergraduate career which will serve me well in my future pursuit of a Ph.D. in chemistry. Involvement in this program has also helped me to be more aware of the greater impact of my scientific career on the scientific community beyond research chemists.

- 2018 MSGC Undergraduate Fellowship Awardee
