

Release Form - Student Data for NASA Reporting Purposes

MSGC is required to report to NASA personally identifiable information for all significantly-awarded* students involved in its programs. MSGC is also required by NASA to do longitudinal tracking with regard to significantly awarded students for program evaluation purposes. EPSS, a company that works with multiple Space Grant Consortia, provides that service.

I, _____, authorize Brenda Vyletel/MSGC to disclose to NASA and EPSS the personally identifiable information I supplied in MSGC's Student Data spreadsheet.

Sincerely,

Name

Date

*A significantly-awarded student is defined as either having been direct-funded or having invested >160 hours of volunteer time in the program.
